

Diabetes Management

Through education, counselling, and care, our diabetes management program involves a team of healthcare providers led by a Nurse and Physician. This program is designed to ensure all aspects of diabetes are addressed and the patient is seen on a regular basis.

PROGRAM GOALS:

- Empower patients who have diabetes to be self-directed in learning the skills and behaviours needed for successful self-management of diabetes
- Provide regular care from the full team of Physicians, Nurses, Pharmacist and Dietitian to improve overall quality of life

WHO IS THIS PROGRAM FOR:

- All patients who have been diagnosed with diabetes or are at risk of being diagnosed with diabetes.

To participate in this program, please speak with your Family Doctor.

For more information please contact the Halton McMaster Family Health Centre at 905-333-8222.
